

Our ref.: December / 2024

Trondheim, 05.12.2024

Autronica Fire and Security AS

To whom it may concern,

Autronica Fire and Security as the manufacturer of fire alarm systems and components, hereby declare that our products do not contain any radioactive materials. Our devices are designed and manufactured in compliance with international safety standards and regulations. We ensure that all materials used in our products are thoroughly tested and verified to be free from any radioactive substances.

This declaration applies to all Autronica manufactured fire alarm systems and components supplied internationally.
